## EDUCATION

### MEST Africa (Meltwater Entrepreneurial School of Technology) — Ghana, Accra

Aug 2022 - Aug 2023 : Software Entrepreneur

### University of Luanda, Instituto Superior de Tecnologia de Informação e Comunicação — Angola, Luanda

2015 - 2019 : Computer Engineering

### Luanda's Middle Industrial Institute — Angola, Luanda

2012 - 2014 : Informatics Systems Management Technician

## EXPERIENCE

### **Mino**, Accra, Ghana — *Tech Lead*

May 2023 - Present

Built and maintained web app using the Angular framework for the frontend and Django for the backend. As well as working as a product manager, she worked closely with various teams such as business teams and clients to make sure the project is in the right direction.

### **Novabase**, Luanda, Angola — *IT Consultant at Bank BAI*

Apr 2022 - Aug 2022

Worked in the IT System Department in the Governance and Analysis area of BAI (Angolan Investment Bank), doing API testing, API mapping and creating mockups and API documentation. Using technology such as SoapUI, Postman, Stoplight Studio, Jira.

### **Next Solutions**, Luanda, Angola — *Software Engineer*

Sept 2019 - Jul 2021

Worked as a Frontend Developer participated in the creation and structure of vPOS website a payment method and developed Box (Box Office Experience) landing page an app that enables users to buy tickets for events and movie theaters. Created the documentation page of Box and translated the site from Portuguese to English. Using technology such as Vue.js and Vue i18n.

### **Buka App**, Luanda, Angola — *Project Manager*

Mar 2015 - Aug 2019

As my first tech job in a startup I worked as a project manager and sometimes as a developer helping create the first version of Buka App website. Created and managed Buka courses (android courses, flutter, games, unity, java, web programming, 3D printing, design, etc.), and managed Buka's social networks publishing the courses. It managed and organized the spaces where the courses take place, as well as supporting trainers and trainees and organizing events to help the Buka community grow.

## COMMUNITY CONTRIBUTION

### **Women Techmakers Luanda** — *Ambassador*

2019 - Present

Lead the WTM Luanda community with more than 50 women, helping women share about their IT journey in a safe and inclusive environment. Holding the first IWD 2019 in Luanda, looking for sponsorships and a place to hold the event, presenting the community, looking for and presenting speakers to speak at the event. Division of tasks within the team for carrying out and organizing the

event. Organization of courses, looking for qualified professionals who can share their knowledge with the community. Organization of online and in-person events to engage the community.[View website](#)
